

CONGRATULATIONS

ON YOUR NEW BUNDLE OF JOY!

More than anyone, your Children's Board understands how special this time is for your family, and we're proud to welcome your new baby into our community.

While caring for newborns can be challenging, this special time you spend bonding with your baby may be among your most precious memories.

You can count on your Children's Board of Hillsborough County as a resource for services and programs designed especially to help your family every step of the way.

We invest in approximately 200 programs that help families like yours thrive. Our six Family Support and Resource Centers are located in neighborhoods throughout our community and are warm, inviting places where families can enjoy free services such as infant playgroups, "Baby and Me" classes, mobile medical services and much more.

We're developing a new e-newsletter for families of young children that will feature parenting tips as well as information about free events and services for families in our community.

Register for your complimentary newsletter today! Just visit
