Chapin Hall – Policy research that benefits children, families and their communities

<http://chapinhall.org>

Harvard Family Research Project – children's learning and development: complementary learning, family involvement in education, and out-of-school time. We also believe that evaluation is essential to improve and maintain the quality of all programs. Therefore, a large part of our research includes piloting new approaches to evaluation and sharing field-wide innovative trends, strategies, and techniques.
