Reimbursement Information, continued

Exceptions to Service Limits

Requests to exceed service limits for recipients must be made through Medicaid's prior authorization process.

One Claim Submission per Date of Service

In order for the CSC to receive reimbursement for the federal match, the CSC or designated billing agent must prepare one claim per month, that includes no more than the total number of units of service delivered in that month, per eligible recipient.

Entering Provider Numbers on the Claim Form

The targeted case management agency must enter the CSC's group provider number as the pay-to provider and the case management supervisor's provider number in the field titled treating provider on the claim form. Under no circumstances may the targeted case management supervisor's Medicaid number be entered as the pay-to provider number.

Note: See Chapter 1 in the Medicaid Provider Reimbursement Handbook, Non-Institutional 081, for additional information on entering provider numbers on the claim form. ~~Effective March 1, 2008, the Medicaid Provider Reimbursement Handbook, Non-Institutional 081, was replaced by the Medicaid Provider Reimbursement Handbook, CMS-1500.~~

Procedure Code Table

The procedure code on the Procedure Codes and Fee Schedule, Appendix A, corresponds to the targeted case management for children at risk of abuse and neglect target group. The maximum fee shows the maximum amount that Medicaid will reimburse for the procedure code, per unit of service, and the maximum units shows the maximum number of units that Medicaid reimburses per recipient, per date of service.

Procedure Code Modifiers

**Definition of
Modifier**

For certain types of services, a two-digit modifier must be entered on the claim form. Modifiers more fully describe the procedure performed so that accurate payment may be determined.

Targeted case management providers must use the modifiers with the procedure codes listed on Appendix A, Procedure Codes and Fee Schedule, when billing for the specific services in the procedure code descriptions. The modifiers listed in Appendix A can only be used with the procedure codes listed. Use of modifiers with any other procedure codes will cause the claim to deny or pay incorrectly.

Note: See Chapter 1 in the Florida Medicaid Provider Reimbursement Handbook, Non-Institutional 081, for additional information on entering modifiers on the claim form. ~~Effective March 1, 2008, the Medicaid Provider Reimbursement Handbook, Non-Institutional 081, will be replaced by the Medicaid Provider Reimbursement Handbook, CMS-1500.~~
