ABOUT THE CHILDREN’S BOARD

BACKGROUND

In 1988, Hillsborough County residents agreed that improving supports and services to our county’s children and families was a major priority for our community’s future. Thus, the Children’s Board was established in 1989 as a Special Taxing District allowing a levy not to exceed 50 cents per $1,000 of the assessed property tax.

Strategic investments in the community include developing local prevention and early intervention services; convening community partners to work on outcomes improving the lives of children and their families; and providing venues for community engagement and advocacy efforts. The Children’s Board is committed to funding opportunities through strategic grant making principles and leveraging strategies; developing innovative services and supports; and, catalyzing the research and community perspective to promote wellness, learning, professional training, and enhance service delivery systems.

VISION

Hillsborough County will be recognized as one of the top places in the nation to raise children.

MISSION

The Children’s Board invests in partnerships and quality programs to support the success of all children and families in Hillsborough County.

CORE VALUES

Integrity - Excellence - Team Work - Respect

FUNDING PLATFORMS

The Children’s Board of Hillsborough County has adopted funding platforms that establish levels of funding to support strategic focus areas. The four main funding platforms are:

- Level (1) - Investment Grants;
- Level (2) - Uniting Grants;
- Level (3) - Leading Grants; and
- Level (4) - Technical Assistance Grants.

Additional information may be accessed on the website at www.childrensboard.org.
LEVEL (3) - LEADING GRANT

A contract awarded to an organization that primarily serves a geographic area or offers accessible services countywide with a collaborative approach to service delivery that supports one or more strategic focus areas. Level (3) Leading Grants are contractually obligated to meet at least three (3) agreed upon measurable outcomes annually.

FOCUS AREAS

Children are Healthy and Safe: Early preventative health and education prepares a family to develop nurturing and healthy habits which are enhanced by coordination with community partners including healthcare systems and primary care providers.

Children are Developmentally on Track: Early Identification of developmental needs for children birth to age five is essential for optimizing a child’s potential and serves as an opportunity for caregivers to learn more about their child’s current developmental functioning.

Children are Ready to Learn and Succeed: School readiness services for young children should be designed in a way that foster a nurturing, safe and healthy environment for children and respects a families’ cultural values. In addition, quality early learning must also promote early caregiver involvement and professional development for early care educators.

School success for elementary school age children works best in collaboration with teachers, administrators and parents to provide support consistent with school benchmarks. Successful youth services (through middle school age) support leadership development, provides positive role modeling, and motivates students to learn in safe environments.

Family Support: Support for the whole family is essential for developing informal supports, stability and overall well-being. Family Support plays an important role in a young child’s brain development because early experiences develop through positive relationships which establishes the foundation for secure attachments and future physical, cognitive and social-emotional health.

COMMUNITY IMPACT

In 2018, the Children’s Board and our partner agencies served more than 184,000 children and their family members residing in Hillsborough County. A total of $29 million was awarded to 102 programs to ensure the well-being of our community.

To ensure that our community receives high-quality services, the Children’s Board promotes the use of best practices and evidence-based programming to achieve maximum benefit. The Children’s Board works in partnership with our funded programs to evaluate the impact of the services provided to children and families. We assess the overall effectiveness of our investments within a Results-Based Accountability framework by measuring:
- How much did we do?
- How well did we do it?
- Is anyone better off?

The following are select results of performance evaluation efforts:
- More than 90% of the children served by Children’s Board funded programs over the last three years attended routine Well-Baby and Well-Child visits as scheduled by their pediatrician.
- More than 5,300 children received a developmental screening and 1,126 were referred for early intervention support services or medical follow-up in Fiscal Year 2017 - 2018.
- Positive self-esteem continues to grow among youth served by our partner agencies with 80% of youth demonstrating improved self-esteem in Fiscal Year 2017 - 2018.
- For the last three fiscal years, more than 90% of parents/caregivers served by our partner agencies have demonstrated increased supportive positive parenting practices.

CBHC funding or resources shall not be used to replace funding for activities for which other local, state, or federal governmental agencies are obligated by statute, administrative rule, or local ordinance to support, except in the following instances:

In those cases where the Board may fund such services, a plan to obtain funding from other appropriate sources at the earliest possible time will be formulated by the provider agency and approved by the Board.

- The Board will not fund academic and recreational activities unless a determination is made that these services cannot be funded through other agencies. In those cases where the Board may fund such services, a plan to obtain funding from other appropriate sources at the earliest possible time will be formulated by the provider agency and approved by the Board.

- The Board will not provide programmatic funding for real property acquisition or building construction.

- Agencies applying for funding or currently funded by the Children’s Board may not reduce or redirect funding from another source either in anticipation of, or as a consequence of, receiving funding from the Children’s Board without the prior approval of the Board. However, the Children’s Board encourages funded programs to develop other sources of funding from both public and private entities, including corporate support and individual contributions.

1.2.3 STAFF AFFILIATION WITH OTHER AGENCIES

No member of the Children's Board staff will serve as a Board member of any agency funded by the Children's Board. The contract for Services will be awarded to the organization submitting a Proposal that is determined to be best aligned with the desired outcomes of the Children’s Board. No contract shall exist between the Children’s Board and the selected organization until the written contract is signed by the Children’s Board and the selected organization. The Children’s Board reserves the right to negotiate the revision of the Scope of Services with the successful Proposer(s) as deemed necessary to meet the desired outcomes. The Children’s Board reserves the right to award different elements or components to different Proposers as determined to meet the intent of the RFP.
