The Children’s Board of Hillsborough County has been investing in children and families for the past 30 years. Created by the voters in 1988, we grant funding for programs and services provided by local organizations. Children’s Board investments ensure that:

**Children are Developmentally on Track:**
Early Identification of developmental needs for children birth to age five is essential for optimizing a child’s learning potential and allows caregivers to learn more about their child’s development.

**Children are Healthy and Safe:**
Early preventative health and education; preparing a family to develop nurturing and healthy habits which are enhanced by coordination with community partners including healthcare systems and primary care providers.

**Children are Ready to Learn and Succeed:**
School readiness and academic support for children designed in a way that fosters academic readiness by age eight. Activities may support character development, provide positive role modeling, and motivate students to learn in safe environments.

**Provides Family Support:**
Support for the whole family by developing informal supports, stability and overall well-being. These relationships establish the foundation for secure attachments and future physical, cognitive and social-emotional health.
Governing Board

The Children’s Board is governed by ten Board members from the local community. Five are “ex-officio”, meaning they serve by virtue of the office they hold. The remaining five members of the Board are Hillsborough County citizens appointed by the Governor of Florida. The Governing Board hires the Executive Director, who is responsible for the leadership and management of the agency.

Mission

The Children’s Board of Hillsborough County invests in partnerships and quality programs to support the success of all children in Hillsborough County.

Vision

Hillsborough County will be recognized as one of the top places in the nation to raise children.

Conference Center

Our administrative building on Palm Avenue also serves as a conference center available at no cost to neighborhood, community, and civic organizations. Free parking, easy access to public transportation, and a central location make it a perfect space for community events. For more information about using our conference center, call (813) 229-2884 or email reservations@childrensboard.org.
Our Budget

The Children’s Board of Hillsborough County oversees a budget of $51.8 million. The chart below represent total revenue and expenditures for Fiscal Year 2020.

Where the Money Comes From

Revenue Sources
Ad-Valorem Taxes ................................................................. 45,578,980
Investment Income ................................................................. 858,000
Administrative Services Organization (ASO) ....................... 1,405,000
Other Community Partner Funding ........................................ 410,000
Miscellaneous Income ............................................................ 155,000
Total Revenue .................................................................... 48,406,980
Fund Balance ...................................................................... 3,466,267
Total Budget ..................................................................... 51,873,247
Program Description
The Children’s Board Family Resource Centers provide opportunities for parents or caregivers and their children to participate in parent / child developmental playgroups, developmental screenings, and health and safety education. In addition, pediatric well-child visits, immunizations and hearing or vision screening are provided for qualifying families. There are service coordination staff at each center to assist families with children birth to five years of age to build on their strengths and address their needs. In addition, after school tutoring programs are available at each center to work with children in Kindergarten through 2nd grade. The centers are designed to help families and communities become happier, healthier, and stronger.

Program Description
The Family Reunification Video Visitation program provides a unique opportunity for children to participate in live visitation via video, with their incarcerated parent. The children are offered an opportunity to see and speak with their mothers and fathers for an allotted time weekly via live video conferencing. In addition to the video visitations, participants enrolled in the program have the opportunity to travel to the prisons once a quarter. The children and caregivers get the opportunity to interact with the incarcerated parent during the visit. Caregivers have access to case management services.

Target Population Served
Children with an incarcerated mother or father at Lowell Correctional Institution, Hernando Correctional Institution, Polk Correctional Institution, or Sumter Correctional Institution

The Hillsborough HIPPY Parent Involvement Project trains parents and caregivers to prepare their preschool age children for early success in school through an evidence-based school readiness curriculum. HIPPY provides weekly in home visits where parents and caregivers are coached in age appropriate activities, developmental screenings, monthly family education events, and care coordination as needed. The program works with the Center for Autistic and Related Disorders (CARD) to support families with children on the Autism Spectrum.

Target Population Served
Parents and caregivers of children three to five years of age

Service Area / Geographic Focus
Hillsborough County

Bilingual Services: Yes - Spanish

Funding Amount: $1,362,874

Subcontracts: Success 4 Kids and Families
Program Description
Program-Wide Positive Behavior Support (PWPBS) partners with early childhood centers and family child care homes to support social-emotional development in children, birth to five years of age. Sites receive training, materials, and educational coaching on how to best support all their children with social-emotional skills, while also reducing challenging behavior. Monthly training is also available and open to early childhood educators at locations throughout Hillsborough County.

Target Population Served
Early education providers (center-based and family child care homes), administrators, children birth to five years of age and their caregivers / parents

Service Area / Geographic Focus
Hillsborough County

Bilingual Services: Yes - Spanish and Sign Language
