

Children's Board of Hillsborough County
PRO 2023 – 07 Request for Application (RFA)
(LEVEL 4) Technical Assistance Grant
Capacity Building

Answers to Questions – Through 11/2/2022

Question 1:

Can an agency apply and possibly be awarded for more than one project under this grant opportunity?

Answer:

Yes, provided each submission is for a different project.

Question 2:

Are you recording this orientation?

Answer:

No. This orientation is an identical copy of the Request for Applications document that can be found on the Children's Board website.

Question 3:

What is proper proof of payment for reimbursement?

Answer:

Proof of payment can include a copy of a cleared check, paid credit card statement, or paid bank statement if debit was used. Please note that simply submitted a credit card charge for the item/service will not be accepted.

Question 4:

Since our agency has never applied to the Children's Board we are writing to you to verify our eligibility and alignment with the Children's Board focus areas before submitting the application.

The purpose of our agency is to support families and promote overall well-being as indicated in your Family Support Focus area. We accomplish this by providing crisis intervention support to help insure stable housing, with functioning utilities and nutritional food to families in need. We respond to emergency situations on a daily basis and come up with a plan to resolve the immediate crisis. Family counseling is provided to promote positive family relationships that will nurture growth and development of the children and plan for the future to avoid such crises.

We are interested in seeking a capacity building grant to strengthen our organization's plans for the future. Please confirm that our agency qualifies as an applicant to the Children's Board.

Answer:

Not enough information is provided to determine if you organization or program is eligible. For all eligibility requirements please refer to Pages (4-6) of Section One in the RFA.
